Research Experience for Teachers (RET)

***Are you an ambitious
academic ready to...***

*Produce results that make a meaningful
impact in STEM education and industry needs?*

*Address real-world challenges in a startup/
small business environment?*

*Create new approaches to solve important
problems?*

*Develop innovative industry educational
collaborations?*

*Develop entrepreneurial skills to bring back
to the classroom?*

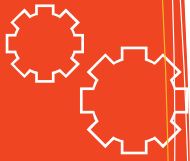

By the numbers...

Up to \$10,000/high school teacher

National Science Foundation
4201 Wilson Boulevard
Arlington, VA 22230

How to Apply for a Research Experience for Teachers with a Small Business Innovative Research Company

- Application instructions can be found here: [nsf.gov/eng/iip/sbir/portfolio/researchexp.jsp](https://www.nsf.gov/eng/iip/sbir/portfolio/researchexp.jsp). More detailed information can be found under “**#4. Teacher Participants**”.
- Teacher (RET) applicants are strongly encouraged to work with a (RAHSS) high school student applicant as a student/teacher research pair.
- To find information on an SBIR grantee in your area, visit [nsf.gov/eng/iip/sbir/portfolio.jsp](https://www.nsf.gov/eng/iip/sbir/portfolio.jsp) and click on any blue marker.
